

Snowman

Winter is my favourite time.
It's when I come to play.
I bring joy to lots of children
and their happy parents.

Cold, round and large
with a red hat upon my head.

A pointed carrot nose,
shiny, coal eyes.

A trail of stone buttons,
a fluffy, long scarf,
curved sticks for my arms,
a jet-black smile.

I do not like the warm weather.

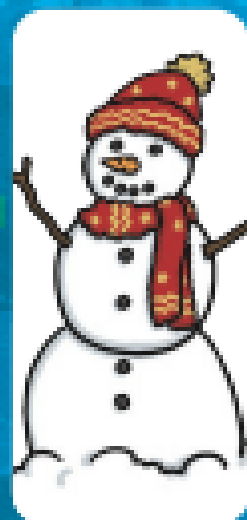

It stops all my fun.

I feel my body start to melt.

Puddles of water at my feet.

I look forward to next Christmas,
when I shall meet everyone again.

Standing proudly in a garden,
bathing in snow and frost.

Road Safety

Use your eyes and ears
before you use your feet,
Look and listen before you
cross the street,
Double check and when
you're satisfied,
Walk, don't run to the
other side.

Winter Animals

Polar bears

Look snowy white

Arctic hares

Hop out of sight

Sweet baby seals

Change as they grow

Snowy owls fly

High and low

How do they all

Stay snug and warm

In snow and ice

And freezing storm?

Worm's Washing Machine

Wiggly Worm is hair obsessed,
But worms do not have hair.
Thus, she has a wavy, woven
Wig she likes to wear.

But that wig gets dirty
When she tunnels through the ground.
Thus, she'll whack it in the wash
And watch it spin around.

Roll your hands over
each other like a
washing machine.

W W W W W

Don't worry worm, your wavy wig
Will soon be nice and clean
Once it's had a thorough wash
In your washing machine!

Valentine's Day

It's Valentine's Day,
It's that time of year,
We send cards and letters
To those we hold dear.

Flowers and chocolates,
Loveheart balloons,
Secret admirers
Who make their loves swoon.
